

Announcing 2015 Summer Internships at the Zimmer Children's Museum!

The museum is currently seeking interns for the Summer Semester! All internships are limited to college freshman, current college students, and recent graduates. Currently, all internships are unpaid, and we are not able to provide housing accommodations for out of state/city interns. Course credit is available.

We will be offering the following internships:

- Early Childhood/Arts Education Internship

ECE/Arts Education Interns will work directly with the Zimmer Education Team, and receive hands-on experiences in our informal education setting. All of our museum programs combine best practices in education, multi-disciplinary arts education strategies and techniques, and themes of social responsibility. Interns will assist in program and curriculum development, planning and logistics and facilitation of the museum programs with children ages 0-8!

If you are interested in an internship outside the ECE/Arts Education Internship, we still encourage you to apply! We are looking for interns from all educational backgrounds and experience levels.

Internships begin in June and conclude in August/September.

To apply, please email cover letter, resume to Kaila Jackson, Volunteer Services/Operations Coordinator at Kaila@zimmermuseum.org

All applications must be received by **Monday, May 11th, 2015** for consideration.
